Strategic Goals

1st All Students Learn To Their Potential

Create a learning environment that provides an innovative curriculum with instructional programs and services that develop each student's potential to graduate prepared for post secondary experiences and the challenges of a global society.

2nd Goal Community Connectedness

We will proactively inform and engage our community to promote involvement and support of education to ensure student success through collaborative partnerships with parents, families, positive adult, business, and student role models and all sectors of the broader community.

3rd Resource Development

We will provide relevant professional development for all employees to continually develop their professional and interpersonal skills to maximize student learning.

We will work to acquire and manage appropriate resources to maximize all programs, support services, and facilities and continually evaluate each to promote successful student learning.

4th C.A.T.E. Development
