

# Planet Party Day 2010

Dear Friends and Colleagues,

The Manteca Unified School District (MUSD), Manteca Unified Student Trust (MUST) and the Leadership on Green Initiatives Committee (LOGIC) are pleased to announce a new opportunity to enhance student awareness and stewardship of our environment.

Planet Party Day will take place on Thursday April 15, 2010, at the MUSD District Office campus in Manteca. This event will feature displays, demonstrations and interactive exhibits highlighting Clean Air, Energy, Recycling, Water, Conservation/Agriculture, and Green Innovations.

Nearly 2000 sixth grade students in MUSD have participated in lesson plans to prepare them for this event. Planet Party Day is designed to allow students to visit an array of exhibits and dialogue with experts in each field of study and expand the knowledge that they have gained during the year as they begin to establish their sense of stewardship for the world in which we live.

We invite you to partner with us in this exciting venture. Sponsorships are now available to businesses and individuals who are interested in providing financial, in-kind support.

Sponsorship benefits include:

- Exhibit space for your company and products at the event
- Company logo recognition on event banners
- Company name and logo recognition on printed materials
- press releases that advertise the event
- Product placements in the event Eco-tote.

Please take a moment to review the sponsorship levels and decide on your level of involvement. All levels of sponsorship are welcome and appreciated. Please fill in the information on the enclosed sponsor commitment form and return today. Questions regarding sponsorship opportunities should be directed to Victoria Brunn, Chairperson, Planet Party Day, at (209) 858-0764.

Your participation this year will enable us to create an event that not only educates students, but moves them toward stewardship of our world. Together we can make a difference in the world that we live.
