

Putnam County Schools

Calendar Revisions

Revised February 19, 2010

The cancellation of school for inclement weather requires revisions to the school calendar. In accordance with WVDE policy, interpretation of law by the State Superintendent of Schools, and Putnam County Schools policy, the following changes are being made to the school calendar.

- Students will now attend school on the IS Day on Friday, April 2, 2010, with a two-hour early dismissal for faculty senate meetings.
- Students will attend school through Tuesday, June 8, 2010, including the IS Day on June 8th, with a two-hour early dismissal for faculty senate meetings.
- If no further snow days occur, the third nine weeks will end on Friday, March 26th, with report cards distributed on Friday, April 2nd. Further snow days may alter these dates.
- The fourth nine weeks will end on Tuesday, June 8th, with report cards distributed as usual at the end of the school term.
- As required by WV State Code §18-5-45, Wednesday, June 9th, will remain a Preparation Day for employees.
- Further snow days will not alter the ending of the school term, but could potentially alter the end of the third nine weeks.
- Full instruction will occur in all classes through the end of the school term on Tuesday, June 8th.
