

*St. Joseph's School - Yorkville*

**After School Enrichment Activities**

St. Joseph's School is evaluating the after-school program. To determine the activities that have the most interest, we would appreciate your completing the survey below. Based on responses received a program of proposed offerings and details for participation will be sent to all parents/guardians in September 2010. The after school enrichment activities will be offered in addition to the regular after-school program. Students wishing to participate in the after school program and an enrichment activity will need to pay the fees for both.

We will need a minimum of 12 participants in order for an activity to be offered. The programs can be lead by teachers, outside instructors and volunteers. Each activity will meet one to two times per week and would begin following regular school dismissal. Estimated activity duration is between 45 to 75 minutes depending on the age of the participants and the activity.

**Sessions**

Fall/Winter

Late September – December: Pre-K 4 – Grade 8

Winter/Spring

Late January – May: Pre-K 3 – Grade 8

**After School Enrichment Survey**

	<b>Activity</b>	<b>Definitely</b>	<b>Likely</b>	<b>No</b>	<b>Student Names / Grade for Next Year</b>
